From the Director

The Adventures of Tom Sawyer is one of the greatest American novels. The story follows young Tom as his moral compass is put to the test through the complex trials of life. Tom experiences love, death and everything in between while on his journey into manhood.

Tonight's production invites you into the three dimensional world which has leapt off the pages of Mark Twain's beloved novel. Our story is set in the heart of St. Petersburg, Missouri, a town nestled on the edge of the Mississippi River. The community is a rich tapestry of characters who introduce Tom to the good and evil that surrounds him each day. Young Tom tests the disciplines of his Aunt Polly, falls in love with the new girl in town Becky Thatcher, confronts the villainous Injun Joe and challenges the loyalty of his best friend, Huckleberry Finn.

Tom's imagination and free spirit resonates with audiences young and old. Along his journey, Tom discovers that you don't have to travel far from home to find adventure. I welcome you to experience the world of our play through the eyes of Tom, experience his joys and fears and have it serve as a reminder to live life to the fullest each day.

Thank you for being a part of the adventure!

Bess Wallerstein, *Director*
